2. To support this effort it will be necessary to establish a Special Project TTX communication cable transmission link between the [REDACTED] and this Headquarters. This link should be approved for two-way communications at the compartmented security levels indicated above. It is not anticipated, at this time, that Restricted Data information will be involved.

25X1A

25X1A

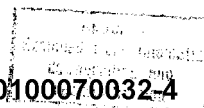

3. The total volume of traffic between Agency components (Office of Scientific Intelligence and the Office of Research and Development) and the [REDACTED] is not known at this time but is anticipated to be [REDACTED] messages per week.

4. It is requested that you take the necessary steps for the establishment and use of the OSA Special Projects communications channels by OSI and ORD, subject, of course, to compliance with OSA security requirements on operating procedures as well as the training of operators. Upon activation the OSA Signal Center will be furnished a list of authorized releasing officers.

25X1A

5. If further operational details are required concerning this request, an ORD point of contact is [REDACTED] and an OSI point of contact [REDACTED]

25X1A

7. While there will be no full-time resident Security Officer at [REDACTED] who is currently the Security Officer at [REDACTED] [REDACTED] will be available for periodic visits to [REDACTED] both during the period of renovation and throughout the duration of this relationship with the [REDACTED]. [REDACTED] will establish the necessary procedures for the handling, storage, and compartmentation of classified information and material.

25X1A

8. As the Deputy Director for Science and Technology is desirous that appropriate priority action be taken to provide the necessary communications equipment on a timely basis to insure its immediate activation at the time [REDACTED] is ready for occupancy, your assistance in establishing this special communications link will be appreciated.
